HOW RISKY IS IT?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk Rating

Fiera Capital Corporation has rated the volatility of this fund as **medium**.

Because this is a new fund, the risk rating is only an estimate by Fiera Capital Corporation. Generally, the rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the *Investment Risks* section of the fund's simplified prospectus.

No Guarantees

Like most mutual funds, the fund doesn't provide any guarantees. You may not get back the amount of money you invest.

On October 23, 2018, Fiera Capital announced that it had entered into an agreement with Canoe pursuant to which Canoe has agreed to acquire the rights to manage the Fiera Capital Mutual Funds and thereby become the manager, trustee and portfolio manager of the Fiera Capital Mutual Funds. The transaction is expected to close during the first quarter of 2019, subject to receipt of all required unitholder and regulatory approvals, as well as satisfying other customary conditions of closing. A special meeting of the unitholders of the Fund will be held on or about January 3, 2019, or such later date, to consider the change of manager-trustee, the adoption of the Canoe form of declaration of trust as well as the implementation of a fixed administration fee. It is anticipated that certain investors in the Fiera Capital Mutual Funds that have a relationship with Fiera Capital will redeem their units on or about the closing date of the proposed transaction. Fiera Capital and Canoe are working on ways to minimize the negative impacts of such redemptions on the Fiera Capital Mutual Funds, which may require certain unitholder and regulatory approvals. If the necessary approvals are obtained, the change of manager-trustee will be implemented upon closing, the redemption of the units of the Fund currently held by investors that have a relationship with Fiera Capital will be effected on or prior to closing, and the adoption of the Canoe form of declaration of trust and the implementation of a fixed administration fee will be implemented on or about February 1, 2019 and no later than May 31, 2019 (all to be described in the information circular). In addition, upon closing, Canoe will appoint Fiera Capital as sub-advisor of the Fund, and the Fund will be renamed Canoe International Equity Fund.
